

February 19, 2020

Friends of Andrea Rodriguez for Milwaukee County Supervisory District 4 would like to express gratitude to every District 4 residents that voted in yesterday's primary election. Typically, primary elections have a low turnout. It's winter. Families are overworked and underpaid. But still, Milwaukee turned up at the polls yesterday and declared their intentions for the April 7th election.

Our County Supervisory election plan is simple. Keep knocking, keep calling, and if residents have spare change to donate to <https://secure.actblue.com/donate/drea4mke>, we will document it and thank you. Besides that, we will keep sharing a vision for District 4 to become Milwaukee's International District, and a district with equitable green spaces, a fair, cost-effective transit system, and accessible Milwaukee County services.

The General Election is April 7th. This ballot will decide the County Supervisor race and also the Presidential primary. This ballot also contains the MPS Referendum. Andrea is a former union building representative and teacher at Forest Home Elementary. This funding will enable MPS to offer more career and technical education programs, and expand art, music, physical education, and language programs. We fully support this referendum and will be happy to explain how it benefits all Milwaukee families.

We have accessible volunteer opportunities. Come knock in a D4 neighborhood with us or we will train you to make calls from home. All work is family friendly and even an hour of help gets Andrea closer to winning. If you are interested in doing more, we are happy to listen.
